RoHS Hazardous Substances Statement

Restriction of Hazardous Substances

CGS™ is a manufacturer of gaskets, O-Rings, and seals for the various industries, CGS™ Products comply with the Restriction of Hazardous Substances (RoHS) European environmental directive that will impact all CGS™ customers. This also includes China Rohs 2 legislation SJ/T 11364-2014.

CGS™ declares that to the best of our knowledge none of the following substances are used or intentionally added in the manufacturing of our Products: PBB's, PPBE's, PBD's or PBDE's Brominated Dioxins, Brominated Furans, PVC, Chlorinated Paraffin, Antimony Compounds, Cadmium, Hexavalent Chromium, Lead, Mercury and their compounds. We furthermore include that phthalates DEHP, BBP, DBP, and DIBP are also not intentionally added.

CGS™ is confident that the levels of restricted materials are below the limits established by WEEE/Directive on Waste Electrical and Electronic Equipment (2012/19/EU) and RoHS(2)(3)/Directive on the Restriction of use of certain Hazardous Substances in electrical and electronic equipment (2011/65/EU and 2015/863/EU) and are in compliance too. In addition to, no PFOS per EU Directive 2006/122/EC and deca BDE are intentionally added to our products. No exemptions were used to become EU-RoHS Compliant. We also comply to China RoHS 2 legislation SJ/T 11364-2014.

The ingredient information is based on our vendor's disclosure information and may not include all proprietary, trade secret, or contamination information that has not been provided to CGS™. CGS™ has not performed any testing to determine if the products are free of the banned substances.

This statement is based on our current level of knowledge and covers all materials used in the manufacturing of the above parts. Since conditions of use are outside

CGS™ control, we make no warranties, expressed or implied, and assume no liability in connection with any use of this information.
